

**Advanced Mechanical Engineering and Design**  
**CAD Lab room 134 B**

**Instructor: Mr. Holliday**

**Phone #: School (402)643-2988 Cell (402)643-4227**

**Two Term Course?**

**Course Description:** Advanced MED is an advanced level class designed to take what you have learned in MED and progress to more advanced skills in Computer Aided Drafting and Design. With our ever-changing society, computers have become necessary in our everyday lives. There is a shortage of Mechanical Engineers and Designers and this class will give you an idea of what that career is like.

**Tutorials:** Most of your assignments will come from on-line tutorials or hard copy tutorials.

**Software:** Inventor, Master CAM, CNC Milling Software's, 3-D Max, SolidWorks, Sketch-Up and Revit are all software's you might be using in this class.

**Prerequisites:** Mechanical Engineering and Design

**Course Requirements:**

1. Absences: All work and time missed must be made up before or after school. Must make arrangements to come in outside of regular scheduled class time.
2. Passes: Each student will be given a maximum of two passes for the term for RR. Must have pass book signed by me before you can get permission to leave the room.
3. All students must keep up with assignment deadlines. Any assignment that is not completed by the due date must make arrangements to come in to get caught up.
4. All students must show me your work or print/plot a hard copy of their assignments to be graded.
5. All students must work effectively and efficiently the entire period. All students must stay at their assigned desk. Excessive talking will not be tolerated and students will be required to come in for detention.
6. Treat all equipment and software programs with the utmost respect. Any damaged or mistreated equipment will be charged to the individual. If not in assigned software programs, students will be removed from the class. (I.e. games, internet, instant messengers, music programs, cell phones, ipod abuse, youtube, etc.)
7. All students must keep their individual areas clean and neat. Must put everything away and properly shut down the computers. Do not clean-up more than 2 minutes before the bell. Points will be deducted from your grade and detentions can be given if not followed.
8. No food or candy in the classroom. Drinks will only be allowed by the sink, not by the computers.
9. Cheating will not be tolerated. Students must turn in their own work, failure to do this will be loss of all points of the assignment and no make-up points will be available.
10. No bags of any kind (ie, book bags, back packs, computer bags, purses, gym bags, etc.)
11. No cell phones in the classroom.

**Final Assignment:**

A Presentation, Poster, Video/Animation and Resume are required upon completion of the course. Failure to complete will result in a failing grade. Daily Assignments will be required and work ethic and the amount of work completed will play an important role in your overall grade as well.
